Ms. Julie B. Raming  
Georgia-Pacific Corporation  
P.O. Box 105605  
Atlanta, GA 30348-5605

Dear Ms. Raming:

Subject: Phase I Environmental Site Assessment Report

File: Georgia-Pacific Fort Bragg Sawmill, 90 West Redwood Avenue, Fort Bragg  
Case No. 1NMC462

Thank you for the TRC *Phase I Environmental Site Assessment* report, which we received on April 19, 2004, for the Georgia-Pacific Fort Bragg Sawmill site. I understand from speaking with Mr. Mohammad Bazargani of TRC that a Phase II investigation report will be submitted to this office in a few weeks. Regional Water Board staff will review these reports and provide you with comment and direction.

Our files are available for public review and comment. To facilitate public review of these and future reports, please submit electronic versions of the reports in PDF format along with a single paper copy. The electronic versions will be posted on our website (<http://www.swrcb.ca.gov/rwqcb1/>). For ease of use, please submit separate PDF files for the main report, figure, and appendices sections.

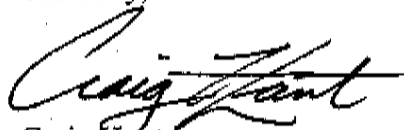

To further enhance public access to site information, please electronically submit all water, soil, and vapor lab data, monitoring well survey, elevation, and depth to water data, and a site map to the State Water Resources Control Board GeoTracker database. Information on submitting this data can be obtained on the Internet by following the AB2886 link on the GeoTracker home page at <http://geotracker.swrcb.ca.gov/>. The GeoTracker Global ID for this site is T0604591192.
